Advance to the next generation of percutaneous tracheostomy introducers.

The Ciaglia Blue Rhino® G2 is outfitted with an enhanced grip and a grooved distal surface to equip you with a simple, effective solution for percutaneous tracheostomy.

The addition of a crosshatch handle helps improve procedural control by enhancing the operator's grip.

Longitudinal grooves on the distal surface help facilitate a less forceful insertion.
Ciaglia Blue Rhino® G2 Sets

Components
Ciaglia Blue Rhino G2 percutaneous tracheostomy dilator with preloaded guiding catheter
.052 inch diameter wire guide with positioning marks
Tracheostomy tube loading dilators
15 gage, 7 cm introducer needle
15 gage, 7 cm FEP sheath needle
14.0 Fr, 4.5 cm dilator
Disposable #15 scalpel
Disposable syringe
Needle holder cup
Lubricating jelly
Gauze sponges
